INTERSECTION CLOSURE
Gondola Boulevard - Road Upgrades 2018
Saunders Drive to Laura Drive

The Town of Quispamsis wishes to advise local residents that construction activities are expected to be commencing the week of September 17th, 2018 on Gondola Boulevard between the intersections of Laura Drive and Saunders Drive. This work will involve the installation of a new sidewalk, traffic calming at the intersection of Teslin Drive and Gondola Blvd, and full depth street reconstruction between Teslin Drive and Saunders Drive.

The contractor will maintain access for all local residents, traffic will be reduced to a single lane with alternating traffic and therefore through traffic should expect delays.

Work is expected to be completed at the end of October, 2018.

The Town recognizes that the planned work will be an inconvenience, and your patience during these upgrades is greatly appreciated.

For further information about this project, please contact the Consultant, Crandall Engineering Ltd., at (506) 693-5893 or contact the Town of Quispamsis at (506) 849-5778
