

Summer Student
Civil Engineering Assistant
Engineering Department

ATTENTION STUDENTS!

We're looking for energetic and motivated post-secondary students who enjoy learning new skills on the job, being part of a team, and are passionate about the Engineering field!

Responsibilities may include:

- Collect infrastructure data and road ratings
- Perform topographical surveys
- Assist with inspections of subdivisions, road construction and pipe work
- Assist in road and ditch design
- Place traffic counters and record traffic patterns
- Organize records and enter data into spreadsheets

To qualify, you must:

- Currently be a post-secondary student in a Civil Engineering program and scheduled to return to university in the fall of 2023
- Have a current NB Driver's Abstract meeting the Town's expectations
- Have excellent multi-tasking, organizational and problem-solving skills
- Be self-motivated, able to take initiative, and work under minimal supervision
- Demonstrate teamwork abilities
- Have previous experience in a similar role is an asset
- Have experience using AutoCAD, GeoCalc, and CARIS is an asset

This position is scheduled to begin in May and continue through until the end of August. To ensure that we have all our student staffing fulfilled before the fast-approaching summer, the deadline for applications is **February 15th, 2023**.
